

Great chess players of Costa Rica

Eduardo Piza

Mnemosyne-CR

This book is a collection of profiles and games of the national champions and runners-up in the history of Costa Rican chess, as well as its international masters and grandmasters. It covers the period from 1897 to 2024, with the presentation of 80 great figures of the game, including a selection of their best games, analyzed in depth.

Through the 80 chapters that make up the book, the history of Costa Rican chess can be followed chronologically, always from the perspective of its great figures, with their triumphs, their anecdotes and their beautiful games.

This book rescues the memory of all those great figures that Costa Rican chess has had, many of whom were already forgotten. It also serves as didactic material for the teaching and introduction of chess in Costa Rican schools and colleges.

About the author: Eduardo Piza is a Costa Rican mathematician and chess player. He was the national chess champion of Costa Rica in 1982. He is the author of several other books and scientific articles in the field of mathematics. He is currently retired from the University of Costa Rica.
